

The 17th International Conference

Innovative Technologies for Joining Advanced Materials

November 05-06, 2026, Timisoara, ROMANIA

Selected papers will be **indexed** in major international
database: **ISI, SCOPUS** Etc.

Conference topics:

- New materials and joining technologies;
- Additive manufacturing and coatings;
- Advanced materials joining (simulation, characterization, fracture mechanics, damage, quality and materials testing);
- Nanoscience, nanotechnology and composites.

Important dates:

Submission of abstracts
September 30, 2026

Abstract acceptance
October 06, 2026

Submission of papers
October 23, 2026

Acceptance of papers
October 26, 2026

Registration of participants
November 05, 2026

2023

Timișoara 2023
European Capital
of Culture
