

# Innovative technologies for joining advanced materials - TIMA26

November 05-06, 2026

## ENROLMENT FORM

*The form, completed and signed, together with the abstract will be sent by e-mail at the conference secretariat address (tima@isim.ro).*

| Participant (please complete in capital letters or by typewriter)                                      |         |
|--------------------------------------------------------------------------------------------------------|---------|
| Surname (select <input type="checkbox"/> Mr <input type="checkbox"/> Mrs <input type="checkbox"/> Ms): | Phone:  |
| First Name:                                                                                            | Fax:    |
| Position held:                                                                                         | E-mail: |

| Employer |      |         |
|----------|------|---------|
| Name:    |      |         |
| Address: |      |         |
| Country: |      |         |
| Phone:   | Fax: | E-mail: |

| Abstract Submission / Participation fee (VAT included) |                                |                                                                    |                                                          |                                                                     |                                                                                                                                          |

Title:

---

---

Authors:

---

---

Keywords:

---

---

Section:

1. New materials and joining technologies;
2. Additive manufacturing and coatings;
3. Advanced materials joining (simulation, characterization, fracture mechanics, damage, quality and materials testing);
4. Nanoscience, nanotechnology and composites.

**Annex:** Abstract of the paper (max. 400 words)
